## OFFICIALLY CONFIRMED

### General Chaffee Reports Entering Legation Grounds at Peking.

### DETAILS ARE STILL WANTING

### Admiral Remey Tells of Continued Fighting and Interrupted Telegraphic Communication.

Washington Aug 19—From General Chaffee today the war department received official confirmation of the fall of Peking and the rescue of the besieged legationers

The dispatch of the American commander was not long and contained but few details but the unconcealed satisfaction with which it was received by officials of the administration indicated clearly the anxiety that had been engendered by his prolonged silence His last communication to the government prior to the receipt of today s advices was dated August 11 at Ma tou almost 30 miles from Peking The explanation of his silence is suggested in advices received by the navy department today from Admiral Remey who telegraphing from Ta ku on the 18th says the telegraph in between that point and Peking is interrupted

The cablegram from Admiral Remey contains some important information not mentioned in General Chaffee s dispatch He makes the startling statement on Japanese authority that the inner city of Peking was being bombarded by the allied forces Admiral Remey says also that the dowager empress is detained in the inner city by Prince Yungado

Advices received last night from the foreign office at Tokio Japan by the Japanese legation in this city confirms and amplifies previous accounts of the capture of Peking by the allied troops

**Chaffee's Dispatch**

Following is the text of the dispatch from General Chaffee as made public by the war department

Chi fu Aug 19—Peking Aug 14 We entered legation grounds at 5 o clock last night with loss of eight killed Light wounded during day s fighting Otherwise all well

Chaffee

The dispatch which was received during the morning was transmitted immediately to the president at the white house He expressed his gratification at the news contained particularly at the fact that the American troops It will be noted that the dispatch indicates that the American troops entered the legation grounds at 5 o clock on the evening of the 14th inst By the Washington and by several legation officials to whom it was shown the date of Gen al Chaffee s communication is regarded as an error of record on the part of the author Official and unofficial have indicated that the legations were reached the evening of the 14th (Wednesday) after a day of sharp fighting

Minister Wu the Chinese representative here was quite positive on this point all their official advices being that the entrance to the city of Peking was effected early in the evening of Wednesday the 15th inst The fact that only the Twelfth infantry and light battery entered the city as shown by General Chaffee s dispatch does not indicate that the Ninth infantry and the marines who were so conspicuously gallant throughout the advance upon the capital did not participate in the engagement which resulted directly in the rescue of the besieged legationers

It is pointed out as likely that General Chaffee acting in accordance with the other commanders divided his force leaving the Ninth infantry and the marines without the walls of the city to act as a rear guard to prevent the escape of the Chinese troops by the rear while the allies entered or for some other reason It is known that only two battalions of the Twelfth regiment are with General Chaffee They comprise about 800 men This would indicate that only about one third of General Chaffee s force had entered Peking by 5 o clock at the time he sent his dispatch The fact that only eight of the American force was wounded none being killed is regarded as notably fortunate

**Remey s Cable**

Admiral Remey s dispatch which contains much interesting information is dated Chi fu Aug 16—Ta ku Aug 18—Our minister at Washington received cipher dispatch from Peking in corrupted information Japanese sources empress dowager in inner city number protected by allies Chaffee reports entered legation grounds evening 14th Light wounded during days fighting Otherwise all well (Remey)

The startling feature of the dispatch is that fighting within the city of Peking was continuing according to the advices of Admiral Remey The inner city as it is popularly known, the forbidden city evidently had not been taken It is surrounded by a massive wall of solid masonry more than 40 feet high and it is not regarded as surprising that the Chinese should rally their last stand within its shadows Prior to the receipt of the dispatch it was accepted generally as a fact that the dowager empress in company with the emperor and a large suite had left Peking

While nothing is said in Admiral Remey s advices as to the whereabouts of the emperor it is deemed near certain that he left the city without the empress dowager Some doubt of the accuracy of the information received by Admiral Remey is expressed particularly as the Chinese minister Mr Wu is very positive that the empress dowager and the entire Chinese court left Peking before the arrival at the gates of the allies

Mr Wu said to the Associated Press today that he had official advice to the effect that the emperor and empress dowager had gone from Peking to the province of Shen si a considerable distance west of the capital city He had not been advised as to what city they had gone to but said it was probable their destination was the capital of Shen si province The minister believed they were entirely out of danger

The Empress Dowager is reported to have been captured by the allies but advices received by the Chinese minister here gave him little concern although he expressed some interest in it He said there was no Chinese prince Tungado It is not a Chinese name It might be the minister thought a Japanese name but personally he knew of no such person

**Japanese Puzzled**

At the Japanese legation the dispatch of Admiral Remey was read quite naturally with the deepest interest There too it was said that Yungado was not a Chinese name No Japanese official of that name was known to the legation attaches Their solution of the question raised by the dispatch was that the name should be Yung Lu He is the commander in chief of the Imperial Chinese troops and is said to have strong pro foreign inclinations and sympathies No conjecture was offered as to the reason for the detention of the dowager empress by him

Among Washington officials it is regarded as hardly likely that the empress dowager is being detained by any Chinese officials—if she be in Peking at this time she is there probably of her own accord The assertion of Minister Wu is discredited however in as much as it is not positive that she is not in the city of Peking

While no surprise was evinced at the statement of Admiral Remey that the inner city was being bombarded some concern was expressed lest the final assault of the Chinese in pursuance of what they regard as most sacred ground in should prove a very serious affair

Peking comprises possibly four cities in one In extent and area it is about the size of New York City The four segments of it are the Chinese city the Tartar city the imperial city and the forbidden city The last is the inner city mentioned in Admiral Remey s dispatch and is the position of the imperial palace of the imperial court Nobody is allowed within its massive walls except by special permission of the emperor empress dowager The foreigners who have entered its gates are comparatively few in number The imperial city is occupied only by the highest Chinese officials and members and attaches of the imperial court and it is in the regarded bombardment will be awaited with keen interest

**Ministers Found Safe**

Late last night the Japanese minister Mr Takahira received the following advices from the Japanese foreign office at Tokio

The Japanese consul at Chi fu under date of August 16 to the following effect

Imperial troops attacked the eastern side of Peking Wednesday morning The enemy estimated replied In the evening the Japanese blew up the Chiao yang gate and the Tung hih gate of the Tartar city and succeeded in entering In the meantime other foreign forces entered the Chinese city by the Tung tien gate Detachments were sent from Batavia to the legations and opened communications The ministers and staffs were found safe The Japanese loss was over 100 including three officers Lieutenant Matsumoto and Lieutenant Watanabe wounded while Lieutenant Yazaki was killed The Chinese loss computed at about 600

Subsequently the information contained in the above dispatch was received by the Associated Press today direct from Tokio It contains the explicit and reassuring statement the ministers and staff were found safe It is more direct and complete in detail than the American advices received The officials of the Japanese legation are much gratified at the conspicuous gallantry displayed by the Mikado s forces during the advance upon Peking and they have received with unconcealed pride the congratulations not only of the officials of his government but also of the diplomatic representatives of other countries at this capital

### IRON AND STEEL WORKERS

Muncie Ind Aug 19 A representative from the recent long conference of the Republic Iron and Steel company and the Amalgamated Association of Detroit in discussing the work of the meeting says that the company held out for an 8 per cent reduction while the demands of the workmen were for an advance of 10 per cent The officers of the association agreed to call a vote of the lodges throughout the country on a proposition to attar the scale This will be done this week The indications are that it will be a month at least before the dozen mills owned by this company in Indiana and vicinity are at work

### ROBERTS' PROCLAMATION

Pretoria Aug 19—Lord Roberts proclamation reciting the fact that many have broken the oath to maintain neutrality and that the leniency extended to the burghers is not appreciated warns all who break their oaths in the future that they will be punished by death imprisonment or fines He declares that all burghers in all districts occupied by the British except those who take the oath will be regarded as prisoners of war and transported and that buildings on farms where the enemy or his scouts are harbored will be liable to be razed

### KANSAS DRY WEATHER

#### Corn Crop Has Already Been Badly Damaged

Kansas City Mo Aug 19 The three easternmost tiers of counties in Kansas lying one of the most sincere droughts in the history of the state and the general opinion is that the Kansas corn crop will be the smallest in proportion to its requirements for feeding that has been raised for many years In 1894 the year of the previous local failure Cloud county reported a yield of 14 000 000 bushels about 14 000 000 since then there have been two weeks of hot dry weather which has further materially reduced conditions and the most liberal estimates of well informed men on change do not exceed 1 500 000 bushels while many place the crop at not over 5 000 000 bushels The plowing for winter wheat is delayed by the dry condition of the soil Pastures are dry and stock water in many cisterns is scarce

### KILLED WITH A HAMMER

New York Aug 19—Catherine Scharf aged 22 was beaten to death with a hammer in her rooms in the second floor of 674 Second avenue some time between 7 p m and midnight Saturday the body not being found until early this morning Her brother made the discovery when he came home after midnight

The woman s body lay in a pool of blood face downward Near by on the floor was a bloody hammer and the rooms had been ransacked of everything valuable It is the opinion of the police that a thief entered the house and was surprised in his work by the woman and that he killed her to prevent identification

### JAPANESE ENGINEER SAILS

New York Aug 19—On board the French liner La Touraine from Havre was H Oki chief engineer of construction of the Japanese navy He has been in France overseeing the building of the Japanese cruiser Azuma at St Nazaire and is on his way to Japan

## "INNER CITY" SURROUNDED

### Street Fighting Continues in Peking Allies Still Bombarding.

### CHINA'S DESPERATE STRUGGLE

### Viceroys Demand the Personal Safety of the Empress Dowager who is Detained in Peking.

London Aug 20 1 20 a m—Rear Admiral Bruce cables to the admiralty from Chi fu August 19, as follows

Am informed on the authority of the Japanese that street fighting still continues in Peking part of which is on fire Yung Lu prevented the empress from leaving and a last stand is now being made in the inner city which is surrounded by the allies and being bombarded

London Aug 20 4 a m—Rear Admiral Bruces report of the continuation of the fighting in Peking puts a more serious aspect on the Chinese situation than was generally expected here It appears effectually to dispose of all statements that the empress dowager had fled, although the essential accounts of her departure continues to come from Shang hai

Despite defeat the Chinese are apparently resolved to make a desperate struggle, not only in their ancient capital but also in other parts of the empire Chang Chi Tung viceroy at Hankow and Liu Kun Yi viceroy at Nanking according to advices from Shanghai have threatened the consuls that if the person of the empress dowager is not respected they will withdraw from their present friendly attitude

Another Shang hai dispatch announces the death of Li Ping Heng Chang and Chang Lui Lin in the fighting before Peking

The mandarins in the southern provinces according to a dispatch to the Daily Express from Hong kong have joined in an appeal to recognizing the capture of Peking as a just punishment for secretary officials and warning the people not to interfere with foreigners but also pointing out that the sole object of the powers should be the punishment of the boxers and then the restoration of peace confining however their operations to the north

Emperor Nicholas has wired to Gen Linievitch commander of the Russian troops in the province of Pe-che-li congratulating him heartily upon the capture of Peking and bestowing upon him the third class order of St George The Russian emperor also thanks Vice Admiral Alexieff and the Russian Siberian troops

Gen Grodekoff Russian commander of the Amur government reports to the Russian war office that Chingan pass was captured Aug 16 after a lively battle in which the Chinese suffered heavily losing four or five guns The Russian cavalry were in pursuit of the enemy The principal Russian papers notably the Novoe Vremyea comment thus upon the victory at Peking declares that Russia should go no further in participating in common armed intervention but should lead their military action to the frontier and the Manchuria railroad

### FALL OF PEKING

#### Confirmation of the News Reaches Europe Capitals France Rewards M Pinchon

Rome Aug 19—A dispatch from Taku via Chi-fu Aug 18 says

Fighting continues in the streets of Peking and the allies have bombarded the point that is still resisting Prince Yunk Lu prevented the departure of the empress dowager

Paris Aug 19—The French government has received from several sources confirmation of the fall of Peking and the rescue of the foreign legations The Order Commander of the Legion of Honor has been bestowed upon M Pinchon French minister to China for duty M Delcasse the foreign minister visited M Pinchon s mother in Paris announced to her the safety of her son and handed to her the insignia for him

Brussels Aug 19—The Belgian foreign office has received the following from Tien-tsin via Chifu and Shanghai August 18

M Ketteis vice Belgian consul confirms the report of the bombardment and capture of New chwang by the Russians

## CONJECTURES CONCERNING FUTURE STEPS IN CHINA

Washington Aug 19—Now that the primary object for which the allied armies marched upon Peking viz The rescue of the besieged legationers has been accomplished—the drift of the discussion in official and diplomatic circles relative to the steps to be taken hereafter nearly many of the predictions as to what this will be are purely conjectural as it is realized that complete and definite information regarding the condition of affairs in Peking must be awaited before any positive action can be taken by the governments whose interests have suffered as a result of the Chinese troubles

We are on the threshold of an entirely new condition of affairs a new set of conditions said a well posted friend of this government tonight The efforts of several governments during the past few weeks have been devoted to the rescue of the legationers in Peking Now that that has been accomplished the courses of the governments whose interests have been affected is a matter of future

The presumption here is that the next move will be an agreement for an armistice This may be undertaken by the commanders of the Chinese army and those of the allies on the spot where the fighting according to the latest reports in Peking is still in progress This accomplished the foreign armies the payment of indemnities and many other problems may be left for consideration Li Hung Chang has already been appointed a plenipotentiary by his government to negotiate terms of peace and in this capacity he made an ineffectual attempt to stop the progress of the allies in their march on Peking Whether Li Hung Chang will be continued in that capacity by the government is not known here but such seems altogether probable as with his well known ability and his acquaintance with the world he would be able to make possibly better terms than any other Chinaman

There are certain nations pointed out which have suffered as a result of the Chinese disturbances All will expect a settlement of damages which have resulted from the boxer outbreaks the murder of minister Baron Von Ketteler and the attacks on the legation property Spain is one of these and although she has not participated in the relief expeditions she has suffered alike with the others and will expect to be indemnified for her losses

It can be stated authoritatively that up to this time there have been no exchanges between the United States and the other powers regarding the steps to be taken in the future to bring China to terms for the losses that have been incurred The sole interest of the United States up to this time has been the rescue of the legations and it would be drawn to the island in the park to see the Futurity run at Sheepshead Bay race track the management with a view of obtaining an increased attendance made the date of the bout Saturday August 25 The Seaside Athletic club now announces that in compliance with a general request the fight will take place on the original date Friday August 24

## COLORED PASTOR DISCUSSES RACE RIOTS IN NEW YORK

New York Aug 19 Rev P J Cuyler pastor of Zion A M E church in his sermon today spoke about last week s race riots in this city He said in part

The troubles that our people have just gone through present a disgusting and brutal spectacle in the troubles that we have in the south even there is nothing to equal it There at least the men who are in authority and whose duty it is to protect the citizens of the state do not participate in the riots but rather seek to shield from the fury of the mob the innocent victims Instead of suppressing the rioting the guardians of the police appear to have participated in the cruelty The police clubbed the colored men and inflicted the greatest damage done upon the persons of peaceable folk of their clubs

Of course we know that the element that made so much trouble is not representative of New York The mobs were composed of hoodlums roughs and toughs of every kind

Mr Cuyler closed by saying he did not wish to stir his congregation up over the matter as there had been trouble enough saying

We cannot fight We are not strong enough If we attempted it there would only be a period of murdering that would accomplish nothing But we are citizens even though we are black and there should be some redress in the courts for all we have suffered The city should be responsible for the brutality that has been practised upon innocent people I advise that some of our most responsible people get together and find out if something cannot be accomplished in this direction

### MISUNDERSTOOD ORDERS

Paris Aug 19—The board of inquiry which investigated the cause of the loss of the torpedo boat destroyer Framme which was sunk in a collision with the battleship Brennus on the night of August 11 during the maneuvers of the French squadron off Cape St Vincent officially reports that the disaster was due to the misunderstanding of an order on the part of the Framme s helmsman who turned the destroyer in the direction opposite to the instructions of her commander Captain Manduit Du Plessis

### BIG LOSS BY FIRE

Alexandria Ind Aug 19—The entire plant of The Kelley Axe Manufacturing company valued at $500 000 was destroyed by fire tonight It was the largest [illegible] employing 900 men when running at full force

Water famine in the Klondike threatens to cut down the product on of gold

### FUNERAL OF INGALLS

#### Interment Strickly Private at Mount Vernon Cemetery

Atchison Kan Aug 19—Funeral services over the body of ex Senator Ingalls were held this afternoon at Trinity Episcopal church and subsequently interment was made in the family vault in Mount Vernon cemetery Owing to the request of the family for privacy a request made in accordance with the expressed wish of Mrs Ingalls there was no great throng at the services The little church was filled with friends of the family and a few persons were obliged to stand

The exercises were very simple Chopin s Funeral March was played as the coffin was borne into the church the Episcopal service was read and a vested choir of 20 men and boys sang From Every Stormy Wind That Winds and Nearer My God to Thee The officiating clergyman announced that the interment would be strictly private and only members of the family and pall bearers young men sons of old friends of the dead ex senator went to the cemetery

A special train came in from Topeka at noon bringing ex Senator W A Peffer who succeeded Senator Ingalls Judge W A Johnston of the supreme court A A Godard attorney general and others who attended the services in the church

The officiating clergyman was Rev John E Sulger of Terre Haute Ind who also preached the funeral sermon over Senator Voorhees of Indiana Ingalls famous political antagonist

Judge A G Otis a close business and personal associate of Mr Ingalls estimates the ex senator s fortune at

### CENTENNIAL OF EXPANSION

St Louis Aug 19—Plans for the resumption of work on the World s Fair fund of $ 000 000 which has been vexatiously interrupted are under daily consideration by Chairman D R Francis and W H Thompson of the two principal committees Mr Francis expects to sail for Paris about September 15 and hopes to have things in such shape by that time that the fund will be pretty well complete In fact one reason he delayed his departure was to assure himself that there would be no hitch

The traveling men who have been among the active workers for the fair have asked permission to locate their special building first Communications from United States consuls at different points indicate the interest that is being made in the Louisiana purchase centennial abroad

### NEWS FROM SKAGWAY

Vancouver B C Aug 19 The steamer Cutch arrived this afternoon from Skagway She brings news of the drowning of two mounted policemen Corp Johnson and Policeman O Brien on Lake Tagish Aug 14

The recent earthquakes felt at Skagway were felt all the way down the Yukon to Dawson

Hon Richard Mansfield White an explorer from New York makes the claim in an interview at Skagway that according to the old Russian British United States treaties the whole of the Yukon valley and the Klondike should be in the United States territory

There is a water tunnel in the Klondike that may seriously affect the output of gold

## IN MEMORY OF HUMBERT

### Services Held in Washington Yesterday Were Well Attended.

### FOREIGN REPRESENTATIVES

### President McKinley and Cabinet Members were Present at the Solemn Ceremonies at St. Matthew's.

Washington Aug 19—Amid scenes of impressive solemnity and in the presence of the president of the United States members of the cabinet officers of the army and navy the ambassadors and ministers of foreign countries and a great concourse of people from civil life memorial services for the late King Humbert of Italy were held at St Matthew s Catholic church at 11 o clock today

The announcement of the services was made by the Italian ambassador Baron Fava and with the concurrence of the state department the event was given a distinctly official character The foreign representatives were in full diplomatic uniform and these with the brilliant uniforms of the British German Austrian and other military attaches and of the American generals and admirals gave a touch of brilliant coloring to the solemn pageantry

The church had been decorated elaborately for the occasion

Around the sanctuary and on all sides rose a mass of palms and foliage plants while the beautiful white marble stood out from a forest of palms

Immediately in front of the chancel rail stood the catafalque a counterpart of that in which the dead monarch recently was laid to rest at Rome Over it was thrown a heavy black pall edged with white and on top was a great garland of laurels and gala leaves tied with flowing ribbons of red white and green the colors of Italy At the head and foot of the casket all candelabras burned and the morning sun coming through the chancel window fell athwart this sombre memorial A superb wreath of purple [illegible] and [illegible] by the British embassy rested alongside the casket

Baron Fava in full uniform of his diplomatic rank and wearing the decoration conferred on him by King Humbert shortly before his death stood at the main entrance of the church and received the distinguished arrivals He was assisted by Marquis Romano and the military attaches of the embassy Among the first arrivals was the Chinese minister Wu Ting Fang in bright oriental silks and scarlet turban accompanied by several members of his staff The Spanish minister Duke D Arcos in full diplomatic uniform of black and gold followed soon after and was given a seat with the Chinese representative

Back of them sat the Japanese minister Mr Takahira his handsome uniform set off by a vivid green sash across his breast and a [illegible] white plume on his chapeau Germany was represented by Baron Speck Von Sternberg German charge d affaires accompanied by the German military and naval attaches in uniform France by M Thibeaut charge d affaires and M. Boeufve Great Britain by Minister Lowther and Captain Bradley of the British Royal navy Russia by M Routhkowsky while the other countries of Europe South and Central America were represented by their several ministers and secretaries

Across the aisle from the diplomatic corps the pews were reserved for distinguished American officers and civil officials and among those present were Admirals Melville Endicott and Terry, Brigadier Generals John M Wilson, Ludington and Weston the staff officers of Lieutenant General Miles and scores of lesser officers The Italian societies and citizens were given seats at the side of the church near the altar The rear of the church was opened to the general public and was filled to overflowing at an early hour

Just at 11 o clock President McKinley and the members of his cabinet arrived at the church Baron Fava stepped forward and received the president escorting him to a seat immediately in front of the catafalque walking down the middle aisle With the president were Secretary Hitchcock, Postmaster General Smith Acting Secretary of State Adee and the president s secretary Mr Cortelyou As the party took their seats strains of the organ floated through the edifice and the black and white robed acolytes led the procession of priests to the altar. It had been expected that Cardinal Gibbons would officiate but his absence in the [illegible] was present The celebrant of the mass was Rev Father Bart assisted by Father Lee as deacon and Father Kervick as subdeacon

Father Chanetlia of Georgetown university was also in the sanctuary The service consisted of high mass, the usual sermon being omitted

At the close of the mass the priests put aside their white vestment for those of black and descending from the sanctuary moved about the casket, sprinkling it with holy water praying for the repose of the soul of the dead king and chanting the requiescat in pace

At the close of the service the presidential party withdrew, followed by the deputies and military officers Many of the people remained in the church to view the catafalque and flowers and to carry away a leaf or bud as a memento of the ceremony

## GOVERNOR ROOSEVELT

### Publishes a Letter to John M. Palmer which Refutes Some Falsehoods.

New York Aug 19—Gov Roosevelt at Oyster Bay L I today gave out for publication a letter which he had written on August 9 to General John M Palmer of Springfield Ill relative to the St Paul speech made by the governor in which he had been quoted as making derogatory remarks concerning Democrats The letter says in part

I notice that in your recent very manly interview stating why you could not support the Populistic Democracy and the Kansas City platform and nominees you allude to a statement I was supposed to have made attacking Democrats generally in my St Paul speech

You have evidently seen a report which was not merely garbled but falsified I stand by this speech absolutely and have nothing to explain in connection with it but I do wish to point out where its meaning was deliberately inverted

[illegible] saying

We appeal not only to Republicans but to all good citizens who are Americans in fact as well as in name to help us in rebuking President McKinley [illegible] saying Scully the Kansas City platform and you cannot help realizing that their policy (the policy of its makers and sponsors) is a policy of infamy that their triumph would mean misery so widespread that is almost unthinkable and a disgrace so lasting that more than a generation would have to pass before it could be wiped out They stand for lawlessness and disorder for dishonesty and dishonor for license and disaster at home and cowardly shirking from duty abroad We seek the support of all Americans who have the welfare of the country at heart no matter what their political affiliation may have been in the past.

You will see that here I most explicitly draw the line between the men who support and ask support for the Kansas City platform and all other citizens whether Democrats or Republicans I feel that as a matter of fact the greatest possible credit is due to men like you my dear sir and to the other gold Democrats who four years ago stood and now stand for national honor

I hold up the policy advocated in the Kansas City platform as a base and cowardly policy to emphasize our right to appeal to the countless thousands of high-minded Democrats who abhor baseness and cowardice and are quick to see and disown them

## CALEB POWERS ISSUED STATEMENT TO PUBLIC

Georgetown Ky Aug 19—Caleb Powers issued a statement to the public tonight in which he says

That one of the greatest judicial farces known to history has been enacted here in my trial under the form of law no well informed man can doubt Innocence is no shield with $100 000 and the methods of Campbellism against you The rectitude of one's past life counts for naught

They say Taylor is guilty because he was at his office and that I am guilty because I was away from mine This has been a political trial throughout for political purposes and no greater mistake has been made by the Democratic party since they robbed us of the offices to which we were fairly elected by the people

From the beginning of the campaign until now I have plead with what little of merit I have had for the rights and liberties of the people That is my crime That is the only offense I have committed That is the only thing they have proven against me I swore to that myself in testimony I have never had and I now have no apology to make for being true to the trust imposed upon me by a majority of the voters of this state

History will draw its dark lines around those who have outraged me and disgraced the judiciary and blackened the history of the state"

### The Show for the Poor Man's Boy

Some people say that the poor man s boy doesn t stand any show remarked Congressman Dolliver at Lincoln park as reported by the Iowell Republican which continues as follows

"There never was a worse mistake Mr Dolliver said He had himself helped to make a list of all the very eminent men and women of New York city all the great merchants great authors editors physicians presidents of banks and railroads statesmen philanthropists in the city of New York and out of the whole lot only one had been born in the city The rest had walked in from the rural districts The poor man's son Dolliver says is the only one that has any show The son of the rich man never did and never will have an equal chance The reason is easy to find There can be no high attainment without great effort skill and self-denial Whatever stands for success [illegible] stream It is only the live things that work up the stream The rich man's son sees no need of bestirring himself. A boy reared in luxury will not work He curls up like a dog on the doorstep and the toiler from the field passes him by Only one rich man ever became president Dolliver says he has himself examined the will of George Washington [illegible] estimate he was worth at the time of his death a million dollars All the other presidents were comparatively poor men If you have a boy and $100 000 Dolliver advised keep them apart. It will be better for both of them

## NEWS NOTES FROM PUEBLO

### Rumor of a Murder in Fremont County Lacks Confirmation.

### DID NOT KNOW HE WAS SHOT

Fred Paul Found Blood Trickling Down His Legs After a Night Out—Marshall Pass Excursion.

Pueblo Bureau
Colorado Springs Gazette.

Pueblo Aug 19—Police officials here have received notification from the sheriff of Fremont county that a hold-up and murder took place near Brookside at a place called the Acre, about 10 o'clock last night Two Hungarians were held up one being killed the other badly wounded The crime is supposed to have been committed by two men who were wearing masks and were seen in the vicinity One was a young man about 20 years old dressed as a sailor the other was a tenderfoot who has been disposing of spectacles at Brookside

Fred Paul, an employe of the Standard Fire Brick company, was shot some time last night but was not aware of the fact until some of his companions called his attention to the blood dripping down his leg Paul, who lives at the Fremont house on Grand avenue near the Santa Fe crossing was on seeing the town last night with some friends but his recollection of the locality visited is extremely hazy Shortly after 8 o'clock this morning he says he awoke to consciousness and to the fact that he was playing cards with a couple of friends in a saloon near the Tremont house One of his companions called Pauls attention to blood flowing down over his shoes The man felt no pain at that time he says and was surprised on examining his left leg to find what appeared to be a bullet wound midway between his knee and ankle from which the blood was flowing He immediately went to the home of his sister Mrs J N Stone of 214 Elizabeth street and had Dr Borland summoned to dress the wound The doctor was unable to locate the bullet by probing but says the wound was undoubtedly from a fire arm Paul says he has no idea where he got the injury

A regiment of recruits for the United States army passed through Pueblo tomorrow bound from St Louis to San Francisco The men will come in on the Missouri Pacific and go west on the Rio Grande

Deputy Coroner J L Collier will act as regular coroner during the absence of the incumbent Dr A S Fugard Dr Fugard had planned to take a post-graduate course in surgery in New York city for the next two months but was obliged to go to California with his mother who is [illegible]

Four sections were required to carry the 1000 tourists who went on the Marshall Pass excursion from Pueblo over the Rio Grande today Several hundred other pleasure seekers got on the train at Florence Canon City and Salida The first section left Pueblo at 7 o'clock this morning and returned shortly after 8 o'clock tonight

Pueblo's baseball nine played its last game of the season at home this afternoon and by winning the tenth straight game raised high the hopes of the fans that on the coming eastern trip the club will rise considerably above its present low standing in the league

W H Suxeno has returned from Montana where he has been for the past month

[illegible] accompanied by [illegible] Rock Island cattle [illegible] through Pueblo today bound from Glenwood Springs to Kansas City [illegible] Edwards and Frank Warden [illegible] today Mr Stanley will remain in the country for the next two weeks

## GRAND JUNCTION

## A GREAT TRUTH.

All diseased living things whether be vegetable or animal or vegetable and animal contain within themselves the germs of death and decay

Germs of disease are often generated within the human system through imperfect digestion of food producing various poisons which scientists have denominated *ptomaines* A stomach weakened by abuse, gorged with over eating or over burdened with hot bread too rich or greasy foods or those too highly seasoned becomes weakened and fails to thoroughly digest the food A heavy sodden mass is accumulated in the stomach to ferment as the first step in its decay giving off poisonous gases to distend the stomach and poison the blood until it becomes thin weak and lacking in the red corpuscles so necessary to perfect health

The over distended stomach presses upon the heart and the latter organ is also disturbed through sympathy the same system of nerves being distributed to both organs Thus palpitation and irregular action of the heart with its attendant shortness of breath result and in time disease of the heart itself is established

The gases and other poisons generated from undigested fermenting and decaying food in the stomach becloud the brain causing headaches and pain in the eyes

Being absorbed into the blood these poisons reach every part and organ of the system The kidneys are thereby poisoned causing Bright's disease and diabetes Filtering through the skin troublesome skin diseases often show themselves

Every organ and every nerve depending as they do for their vitality and renewal upon the stomach weak digestion shows itself not alone in loss of appetite and dead tissue but also in nervousness debility and complexion and many other derangements

Dr Pierce's Golden Medical Discovery tones and regulates the stomach stimulates the digestive juices invigorates the torpid liver promotes intestinal strength clears bilious poisons and diseased germs out of the circulation gives the blood making glands keen assimilative power and furnishes Nature with the fresh abundant nutrition out of which she manufactures fresh flesh strong muscles clear skin healthy lung tissue and nerve fiber and gives sound, enduring active energy to the whole system

## CALL FOR REPUBLICAN STATE CONVENTION

Headquarters Republican State Central Committee Denver Colo July 24, 1900

In pursuance of the action of the Republican State Central Committee at a meeting held in Denver Colo April 2, 1900 we hereby issue the following call for a Republican state convention to be held at the Broadway theater in Denver, Colo at 11 o'clock a m September 11th 1900 for the purpose of nominating four presidential electors for the State of Colorado one governor of the State of Colorado, one lieutenant governor of the State of Colorado, one secretary of state one auditor of state one state treasurer, one attorney general one superintendent of public instruction two regents of the University of Colorado one judge of the supreme court of Colorado and for the transaction of such other business as may properly come before the said convention For said purpose the several counties of the state will be entitled to delegate representation in said convention and a like number of alternates as follows to-wit

| County | | County | |
|---|---|---|---|
| Arapahoe | 165 | Las Animas | 28 |
| Archuleta | 6 | Lincoln | 4 |
| Baca | 4 | Logan | 7 |

# The Rapid Growth of Newspaper Advertising among Regular Physicians

Only a few years ago the regular physician would shun advertising as he would avoid giving his patient poison Once started the progression from this old time custom came as rapidly as did the discoveries in medical research which the old schools had not yet reached Today, in every large city the country over, are found some regular physicians, members in good standing of the local and national medical associations, who having made a special study of some one branch of practice and having mastered it beyond the ability of his brother doctors who do a general practice has availed himself of the opportunity to tell suffering humanity that there is a cure for most every disease

As long ago as 1898, the president of the Academy of Medicine of the American association in his annual address to the association said in effect When a young man graduates from he medical college he has nothing to advertise except the fact of his graduation, but after a man has practiced medicine for some years and has become thoroughly [illegible] and can do for humanity more in the treatment of that disease than is usually done by the profession at large there is no reason why he should not let it be known

This and other similar expressions from equally high authorities show the trend of thought among the conservative physicians of the country

Here in Colorado Springs Dr W A Shepard is perhaps the oldest of the regular physicians who have made use of the newspapers to tell the public of the latest discoveries in medical science though very recently at least one of the most distinguished of the local regulars has joined in this work of education

For years after Doctor Shepard had perfected his cure for consumption and was doing much good in a limited way in his Illinois home he neglected to let the people at large know that his new method would cure the dread disease and many persons who might have been saved by him died ignorant of his great discovery Then the Associated Press having heard of his great work took it up and heralded it to the world through the news columns of the thousands of papers which used its service Patients flocked to see the doctor from all parts of the country and hundreds of lives were saved

## How Dr. Shepard was Responsible for the death of a Beautiful Young Girl

One day soon after the fame of his treatment had been spread over the country a lady came from a distant city bringing along her beautiful 15 year-old only daughter whom the home physicians had given up as without hope Consumption in its worst forms had almost destroyed the life sustaining organs and after one of his thorough examinations Dr. Shepard pronounced her incurable she had waited too long After a few moments of reflection the mother said Doctor to my dying day I shall blame you for the death of my daughter and you will be held responsible on the day of judgment When Doctor Shepard insisted that he could not possibly be at fault, never having treated the girl, the mother explained You knew you could cure consumption You knew hundreds were suffering from it without hope of relief from their usual physicians

It was your duty to inform the world of what your treatment could do We have plenty of money to bring our daughter here or anywhere she could get relief We were willing and anxious to do so Your neglect to let the world know you could cure her is directly the cause of her early death You are responsible"

Dr Shepard that day Doctor Shepard has advertised Today he goes further and gives free examinations to sufferers and tells them whether or not there is help for them Hours for free examination are 11 to 12 a m 4 to 5 p m except Sundays Office is

## les Governing Cottage Contest.

withstanding rumors and irresible statements to the contrary, no n is authorized, nor has any one authorized to contract the sale of ites for the purpose of securing the one. The contest so far has been ducted strictly in accordance with ules published from time to time will be so conducted to the end. interested person as will be obd by reading the rules below may or a meeting of the contestants at ilfue for the purpose of changing ules, if deemed advisable. It has the purpose of the Gazette to conhe voting to its subscribers so far is could be controlled until no Gaes in large quantities containing the ns have been lost will be sold during the contest. The local circulation been increased quite a good deal ing the period of the contest and interest in the voting is confined y to the local circulation. The tte has had repeated offers exng $1,000 to insure the cottage to in contestants, but aside from the ple involved the Gazette could fford to deviate one iota from the as published.

is idle for contestants and their ds to pay any attention to false rs from any source, but when atice from a would-be rival paper from a circulation point of view, absolute folly. No one can solicit mplete a subscription order withhe matter being submitted to the management of the Gazette and nly this safeguards the interests f the candidates.

**Rules of the Contest.**

st, Any young married couple, able to the Gazette management, esides in El Paso or Teller county, gible as a candidate. By young ied couple shall be understood all ied pairs whose combined age does exceed 60 years and the date of e marriage is between August 31st, and August 31st, 1900.

ond, No one in the employ of the Gazette or of anyone who may donate prizes will be permitted to work in the interest of any of the candidates, but ishall be in every respect neutral, except that the collectors for the Gazette may legitimately solicit subscriptions for the Gazette from their candidate or their friends for the period of one week or more.

Third, The subscription price will be 15 cents per week, or 65 cents per month, or three months for $1.75, delivered by carrier or sent to any address by mail, and on each subscription blank must be written plainly the name and address of the party to whom the Gazette is to be sent.

Fourth, The coupons must be neatly cut out of the Gazette each day and either mailed to the Gazette, Colorado Springs, Colo., or deposited in the voting box at the Gazette business office. Coupons sent by mail will be at sender's risk, and to better insure delivery should be sent by express, charges prepaid. Each coupon may be voted for any one of the candidates in the contest and may be voted at any time during the contest.

Fifth, The contest will cover a period of 30 days from June 3d to August 31st, 1900, both dates inclusive, and the voting will close promptly at 12 o'clock noon on Saturday, September 1st, 1900, and after this time coupons cannot be voted, and any received will not be counted.

Sixth, A preliminary count of the votes cast from day to day will be made by the contest manager and announced in the Gazette each day. However, after the contest has ended each candidate may appoint a representative and these representatives shall constitute a committee who shall aid the contest manager in making the final count. Said committee may, if not satisfied with the contest manager's count, canvass the whole vote. A majority of the committee shall have the right to announce the result of the standing of each candidate in the contest, and such decision shall be final and binding upon all interested parties. In case of a tie vote the contest manager may cast the deciding vote.

Seventh, The coupon shall be printed each day during the contest in the daily Gazette only, and no papers in large quantities shall be sold containing the coupon, and only the usual number of copies sold each day at 5 cents per copy at the news-stands and by the newsboys on the street shall be sold, thereby confining the contest to coupons cut from subscribers' papers so far as this can be controlled by the Gazette management.

Eighth, All Gazettes spoiled in printing, containing the coupon, shall be burned by the contest manager, and all copies used by the Gazette for the files shall have the coupon cancelled.

Ninth, Candidates may announce for the contest up to and including Sunday, July 1st, 1900; after paid late no further announcements will be received. Candidates may withdraw from the contest at any time, but cannot announce such withdrawal in the Gazette as being in the interest of any other contestant; nor can any portion of the votes cast for candidates withdrawing be transferred to any other contestant.

Tenth, These rules may be amended at any time during the contest by a majority vote of all the contestants at any meeting of the candidates duly called by the contest manager; subject, however, to the approval of the Gazette management.

### BEYOND DOUBT.

**These Facts Must Convince Every Colorado Springs Reader.**

That which follows is the experience of a resident of Colorado Springs. Incredulity cannot exist about the statement because it can easily be investigated.

Mr. J. W. Brauer of 222 Wilhamette ave., says: "After tinkering with sure cures for kidney trouble, after taking medicines from doctors for my kidneys and after being compelled to give up a good business because I could not stand the work on the wagon, when Doan's Kidney Pills procured at Smith-Wilson Drug Co's. store, 31 Tejon street, cured me I am only too pleased to tell the people of Colorado Springs who suffer with kidney complaint and its companion, backache, know of a remedy upon which they can depend."

For sale by all dealers. Price 50 cents. Foster-Milburn Co., Buffalo, N. Y., sole agents for the U. S.

Remember the name—Doan's—and take no substitute.

### August 28th Excursion.

On this date the Colorado Midland will sell tickets to all points on the line at one fare for the round trip. Tickets will carry a long limit and stopovers will be permitted.

# COLORADO SPRINGS GAZETTE

Published Every Day in the Year

Sixty Cents a Month Seven Dollars a Year

## THE FUTURE OF COLORADO SPRINGS.

COLORADO SPRINGS has the greatest future before it of any city of its size in the west

With the richest gold camp on earth at its very door, with inexhaustible coal mines just outside its limits for heat, light and power purposes, with a climate unequaled in health-giving properties with the most magnificent natural surroundings of any city in the world, with educational institutions unsurpassed any place with a present population of the highest refinement and culture and with tireless energy and indomitable purpose there is no ambition which this city cannot achieve in the line of progress and greatness

The establishment of cheap light and power rates by the Colorado Springs Electric company is a step in the right direction Under the revised rates offered by that company light and power will cost less in Colorado Springs than in any other city of the state

This city is favorably situated to be the chief manufacturing city of Colorado and with the cheap power now assured it will soon become such

All of the power for dozens of establishments can be furnished from the plants just outside the city limits at the coal banks, and much cheaper than any establishment can furnish power for itself and at the same time the city can be kept free from the smoke and fumes which so generally accompany manufacturing enterprises

When the new railroad is completed to Cripple Creek in October the remotest part of that wonderful camp will be but two hours' car ride from Colorado Springs and that over the finest scenic route in the state

This means that the 30,000 people in this valley will be practically one in business relations with the 60 000 people of the Cripple Creek district

Within the next six months there will be built along this road at the point where it emerges from the mountains, one, if not two, of the largest smelters ever erected in the state

These with the chlorination mills at Colorado City will be of almost sufficient capacity to treat the whole output of the Cripple Creek mines With these things accomplished this will be the chief smelting point in the state

Colorado Springs is already doing a splendid jobbing business—but there is still room for other establishments backed by capital and energy

There is no better place than this in the world for the successful operation of mining [illegible] for the Cripple Creek district alone would furnish trade enough to profitably support one or two of such establishments

Colorado Springs [illegible] mining districts of the state than Denver where most of such machinery is now bought.

With the successful manufacturing enterprises which are now carried on in Colorado City and Colorado Springs, with others daily coming in with the best water the purest air, the most glorious climate and scenery to be found in the state, with the cost of living being constantly reduced, with all of the natural attractions for people desiring wealth, health, comfort and happiness Colorado Springs has an immediate future such as will rival the fairest dream of the most enthusiastic inhabitant Those who are here should be wise enough to take advantage of the splendid opportunities which strangers so readily appreciate, and strangers who are thinking of living here should not delay until the cream of such opportunities is all gone

Colorado Springs is now perhaps, the richest city per capita of any in the United States,

At the rate she is progressing the qualifying words may possibly be dropped in a few years

Those who are here should act promptly and those who are thinking of moving here should come promptly while every field of effort is so open and fertile

## THE INCOME TAX.

IMMEDIATELY after the report of the Committee on Resolutions at the Kansas City convention Colonel William Jennings Bryan was represented as tearing his hair on the front porch of his home at Lincoln because The committee had ignored forgotten or betrayed the party upon the question of the Income Tax

It will be remembered by every person outside the Democratic party that the Income Tax was one of the PARAMOUNT issues in the campaign of 1896

So rabid was Democracy then upon the question that it denounced the supreme court threatened the country with revolution and bloodshed and the calling of an extraordinary session of congress to pass a new law and if need be to amend the constitution

But that was four years ago and what Democrat ever [illegible]

But Mr Bryan promised to make amends for the forgetfulness of the Kansas City convention and stated he would emphasize the Income Tax question in his speech of acceptance [illegible] Anyhow out of 8 000 words in that speech not even the half of a word was devoted to the Income Tax

It will probably tell the populists in accepting their nomination, that he is just as rampant as ever after the shylocks of the east but that he does not want them to find it out this [illegible] Democratic court

It is small wonder Chairman Jones was driven to the expedient of having phonograph speeches from Candidate Bryan instead of the real article The phonograph cannot be interrupted and of course [illegible] tions and if care is taken to get the right PARAMOUNT issue phonograph in the proper section of the country the campaign may be a comparatively peaceful one at least

The Income Tax issue has joined the Silver issue and both are buried in that thickly populated graveyard of Democratic political experiments so unsuccessfully tried upon the American people to win their votes and the deadest of which is that great and only PARAMOUNT issue of Bryan Free Trade

## HUMOR IN THE PRESS DISPATCHES.

THE Associated Press dispatches during the past week have not been without illustrations of unintentional humor On the same day that the allied armies of the great powers were making hostile advance upon the ancient Chinese capital and Li Hung Chang was urging an almost pathetic appeal for a halt ere the 'foundations of the empire should be shaken it was gravely recorded in a dispatch from Washington that Minister Wu had formally announced that he would be unable to be present as had been previously expected at the Mystic Conn. peace meeting conference

Another dispatch on the same date referred casually to a well-to do" official of the Standard Oil company It may be only coincidence but officials of the company mentioned are not usually found to be inmates of alms houses

Now that the crisis is over and there is official confirmation of the safety of the members of the legations who have held out so heroically against bloodthirsty fanaticism in Peking we can better appreciate the grim humor in the message of Sir Robert Hart of the British legation sent after long weeks of fearful peril saying the sooner we can be got out of this no better for [illegible] the Chinese government and unsafe for ourselves' Not less grim in significance was the message from our own Minister Conger possibly in reply to the official message from Washington which closed with the injunction, "Keep up courage," saying in effect that the members of the legations had plenty of courage, but were getting short of provisions.

However unexpected it may be in connection with such events as have occurred in China, Associated Press humor at times seems forced by the very logic of circumstances Given certain conditions and it is manifest that there should be but one result For example in a prize fight in an eastern city not long ago one of the pugilists was known as 'Birdlegs' Collins, and very naturally it was announced that he lost the fight by a fowl

But possibly the climax of the Associated Press humor of the past week came in Saturday nights dispatches American contestants for honors at the international exposition have as all readers of the Gazette know, carried off their fair share of awards in all lines not only in the exposition proper, but in the athletic and other contests held in connection with it It is not unnatural that the jealousy of competitors from other nations should have been aroused and that they should have sought to take advantage of all technicalities which might serve to handicap such formidable rivals In the athletic sports they were partially successful in this, owing to the refusal of some of the American athletes to contest on Sunday This past week there has been an exhibition, by the fire fighters of the world of modern apparatus and methods of dealing with the destroying element Kansas City, with its enterprise which is characteristic sent a crack team of men which has proved to be the wonder of the whole exhibit far surpassing all other contestants in that line This Saturday night came the message flashed over the world by Associated Press that the Kansas City team had been barred from competition for prizes, on the ground, forsooth that they were professionals"

## A COLORADO AUTHOR.

MRS MARY E STICKNEY is a citizen of Colorado. She is a resident of Longmont, and the wife of a banker in that beautiful town She has long been known among her friends as a very clever woman and has not been unknown even in the literary world. She has figured, we believe, in the field of magazine writing for a long time, but without special distinction.

There are about her work evidences both good and bad of an early journalistic training, though we happen not to be aware if she had the advantages of an early newspaper experience in sharpening her power of observation and developing the clearness and terseness of expression that mark her literary style

Of course it doesn't matter in the least whether or not our conjecture is correct as to how she attained her capacity The result is all that concerns—beyond a natural and curious interest to know as much as may be known of the personal history of a woman whose unquestionable genius enlists our sympathies and challenges our admiration

Mrs Stickney has just brought out a book entitled Brown of Lost River—A Story of the West

It is published in Appleton's Town and Country Library mailing series and in paper covers sells at 50 cents

It is a wholesome delightful story, but as a story merely not remarkable

The art of telling a story well the knack of the raconteur merely—though the most charming to the general reader, is of itself quite an inferior part of the art of literature because it is a gift quite apart from culture The cleverest of raconteurs may possess nothing but the pleasing knack of holding the reader's attention during the recital without enriching the memory by an observation to which the reader's mind delights to return—or delighting or not, is provoked to return

This is not a fault that will be found with Mrs Stickney's new book

While in outline the tale which of course is a love story [illegible] treatment in detail is highly artistic and literary It contains an amazing wealth of the closest and cleverest observation wrought out in the artlest and easiest luxuriance of literary expression

As a picture of western ranch life (aside from the love story) the book is a true literary gem, flawless and peerless We know of nothing in literature that equals it in this special respect and the mind of the reader marvels that a woman could have observed such scenes with so deep an insight beneath the surface of appearances That she should also have caught the full vocabulary and perfect idiom of the local vernacular of the cattle [illegible] on the very bloom on too—is little less than astounding This phase of the book makes it a veritable literary treasure house to which future writers on the west must come to gather unto themselves the tone, the idiom and the vocabulary of expression In this respect Mrs Stickney's genius has given an enduring value to the story of Brown of Lost River

While every citizen of Colorado with the slightest pretentions to taste must be proud that Mrs Stickney is a fellow citizen whose unquestionable genius reflects luster upon the state we beg to insist that the merits of her book should not be sought in the trite outlines of the love story but in the wonderfully vivid scenic and conversational details

Regarded from this point of view it is far-and-away the best story of the west we have ever happened upon—the truest to truth and therefore the truest to art.

## WOMAN'S WORK.

In the opening address of Mlle Sarah Monod president of the Woman's Congress at Paris were sentences well worthy of thoughtful attention She said in part

We need harmony of spirit and heart, and the first condition of harmony is order—Every one should respond to her destiny For an army to be well directed every one needs to be at his post and fulfilling his duty It needs the clarion to sound the charge the light cavalry to charge the infantry to fix the [illegible] rapidly and the sentinel who guards it needs the banner of the country which rallies and enkindles and the flag of truce which speaks of peace It needs the Red Cross which drives the flying ambulance which cares for the wounded and the fixed ambulance which receives them [illegible] order and patience zeal and perseverance

It is thus in all domains and nowhere more sensibly so than in the family and therefore in society which is the larger family The family is an indivisible body which the connection alone renders complete We may say that woman is nothing without man and man nothing without woman Together they constitute the organic and complete human being When the Creator said 'It is not good for man to be alone I will give him an aid like to himself. He certainly intended to give him neither a slave nor a rival

Many have thought and still think that the cause of woman would take care of itself the better the less was said about it Do you not think ladies, the experiment of silence has been tried long enough and that it is time now to try other methods?

Mlle Monod alluded to the indifference of women so hard to overcome and attributed it to the force of habit, to indolence or weariness especially lack of interest in events not affecting them personally She emphasized the fact that the most important question of our time is the moral and industrial emancipation of women

There are customs to fight there are prejudices to overcome and fears to allay, for there are men always ready to persuade women that it is none of their affair and if they do go outside the charmed realm—home they become unwomanly and meddlesome Yet what of the millions of women without homes In France alone there are [illegible] 3,000,000 unmarried women of marriageable age and our own country will furnish a like ratio So womankind must be alert and ready for action to work the works of justice and peace in a true spirit of justice of peace and loyal fraternity Not helping here and there superficially, in widely scattering fields but solidly combating evils not only in their effects but going more deeply—reach causes

The ordinary jury has eleven stubborn men on it and one good citizen But the Powers jury in Kentucky was an exception to that rule When the sole Republican member of that jury got through talking in favor of the conviction of Powers, strange to say the eleven Democrats absolutely agreed with him.

# FROM THE STATE PRESS

Items of Interest for Gazette Readers From All Parts of the State.

The missionaries who have lost their lives in China should not be spoken lightly of Let us remember the words of St John Greater love hath no man—' (Telluride Journal

Four years ago the Democratic party was ready to walk (talk) through fire and blood to save silver Now it can talk for days and never mention it Four years ago the salvation of mankind depended upon the free coinage of silver now the crime of 98 imperialism so far overshadows the crime of 73 that it completely hides it and the salvation of the world now depends upon establishing Aguinaldo as emperor of the Philippines and our protecting him in his divine right to reign as such over 8 000 000 of people, three-fourths of whom do not want him How lonesome silver must feel in the Democratic platform and how small its crimes, as compared with those of Aguinaldo Glory seems to be more fleeting in platforms than anywhere else Who can guess the only world saving issue of 1904?—(Greeley Sun.

Young Democrats of Colorado are going to have a voice in the state convention next month and will come before the body not so much in the character of pleaders for recognition as demanding a place on the state ticket. Mr Prouhadilly mentioned of the younger element of the party is Hume Lewis of Pueblo county, who aspires to the nomination for lieutenant governor. Mr Lewis has been very active for a number of years in the work of the party in that county and served one term in the legislature so that he is familiar with state affairs He is well fitted for the office and will have the support of the Democrats of his county for the place—(Canon City Clipper.

The Democratic party robbed themselves of one criticism against the Republican party when they placed Adlai Stevenson upon their ticket No more will we hear the Democratic spell-binder shooting his abuse of the international bimetallic commission. This same Stevenson was a member of that commission and contributed as much as any other one man to its failure—Aguilar Times

Simon Guggenheim's gubernatorial boom for the nomination on the Republican ticket was duly launched by the Colorado Springs Gazette last Sunday. Simon is a nice young man and would make as strong a candidate as the G O P could put up but if anyone thinks for a moment that the ambitious respectable stiffs of the party, as the Gazette denominates them, are going to allow a good man like Mr. Guggenheim to knock the gubernatorial nomination persimmon in the Republican orchard this fall, they are many off in their reckoning—(Rico News-Sun

Harry Seldomridge is a candidate for re-election to the state senate from El Paso county Mr Seldomridge is a Democrat is clean-handed, of high character is a business man oratorical, fearless and always right and is independent of factions of every nature El Paso will honor herself and the state by returning Senator Seldomridge to the senate he has filled (Manitou Flower

I ask, in the light of an enslaved men that the president appeals to Joe Bourwell Mr McKinley might have said to the Filipino Organize free governments and prepare to found free states and thus to create happy and prosperous commonwealths—or so Mr Bourwell thinks he might have said But suppose he had done this, what would have happened? I can call spirits from the vasty deep, said Glendower To which assertion young Hotspur made answer,

Why so can I or so can any man; But will they come when you do call for them —(Providence Journal

[illegible] Mr Pryaker's new farm is worked so thoroughly as photographed—(Rocky Ford Republican

The Colorado Springs Gazette issued a handsome color picture of President McKinley with its edition of last Sunday Besides this there was no better edition of any paper in the state issued that day—(Antonito Ledger

Recently a noted physician in New York declared that 90 per cent of consumption cases can be cured through no other agencies than the sun and atmosphere Colorado has an unlimited quantity [illegible] —(Trinidad Advertiser Sentinel

We must confess we can't understand Col Bryan's policy towards the [illegible] He contends that they are as much a part of the United States as the District of Columbia and are subject to the same laws Yet he talks about setting up an independent government for them Please elucidate Colonel —(Antonito Ledger

Congressman Champ Clark in a single speech rang in Tom Jefferson Louis Napoleon the devil and Teddy Roosevelt Gee whiz! And the campaign hasn't got started yet Committees which engage Mr Clark should see that the crowd has plenty of pitch fork—ice and sticks.—(Telluride Journal

The paramount issue at present appears to be whether Bryan shall make a stumping tour of the country or sit in the shade of his porch at Lincoln and look wise His [illegible] agers are divided on the subject —(Telluride Journal

From the standpoint of a looker on it would seem that Joseph H Maloney is the choice of a majority of the Democrats as a candidate for gubernatorial honors The Colorado Democrat a Denver paper published in the interests of Charles Thomas accuses Mr Maupin with having made an offensive and defensive alliance with Mr Maloney, and intimates that he will be restricted in his support to the Maloney following—(Florence Tribune

Strange that Mr Bryan never mentioned those 80 000 negroes who have been disfranchised in North Carolina His speech of acceptance was full of sympathy for those patriotic Filipinos who are shooting American soldiers in the Philippines but the wrongs of the American negro in North Carolina was not mentioned As he is so outspoken for the people's rights it is amazing that he did not dilate on the negro question —(Loveland Register

It ill becomes any resident of Aspen to speak slightingly of B Clark Wheeler in any way He has done more to bring prominence and prosperity to that town than any other four citizens Pitkin county ever had —(Telluride Journal

Is it not rather late for the Hon Adlai E Stevenson to become concerned over the safety of the republic" It will be recalled that when a genuine effort was made to destroy it he manifested [illegible] of tranquility —(Longmont Call

The Colorado experiment station made a test to determine how much of the feeding value of alfalfa was lost in the stack and how much could be saved by putting in the barn The general result was that about 10 per cent was lost in the stack which might be saved by barns Some years the loss is much more At less than $6 per ton it is probably more economical to suffer the loss in stacking alfalfa than to build barns —(Pueblo Chieftain

Let the women take warning The report comes from Kansas of a girl baby being born with one hand and arm in an attitude as if lifting up an imaginary skirt behind Had the child been a boy its inevitable destiny would have been that of—shall we say an alderman"—(Denver World

Nobody objects to the statement Ohio is one of the strongest of Republican states and at the same time no one can deny that those organized interests called trusts have been fought harder there than in any other state The Republican party can best be trusted to handle those problems with the greatest wisdom (Hon John Republican

A persistent and stubborn rumor is being circulated to the effect that the Guggenheims are going to fight Wolcott in Pueblo county from this time on because of that gentleman's abuse of Simon Guggenheim when Simon ran for governor If that be true of Pueblo county it would not likely to be true also of other counties, but of course the chance of inflicting Wolcott in this county would be easier because of the fact that Guggenheim's Philadelphia smelter employs about 800 men If it be a fact that Wolcott paid all of Guggenheim's expenses two years ago incurred up to the time of Simon's withdrawal, then there would not be so much reason for the fight to be made against Wolcott, and that the present persistent rumor is without foundation But the truth will out and it were better for all parties that it come out now We want facts —(Pueblo Indicator

A M Stevenson of Denver and James H Peabody of Canon City are two of the prominent silver Republicans in the state Both have quit [illegible] and returned to the Republican party Mr Stevenson will no doubt be a candidate for the United States senate —(Pueblo Opinion

### About Labor Day

Pueblo Star.)

Our local committees have done much in securing surrounding towns to participate in the festivities of Labor Day in this city Colorado Springs and Canon City will be here in force with bands in flying colors Other towns and the country around will furnish a goodly number and our city should be at her best.

Next will come the street fair embracing almost everything and can and will [illegible]

Too much importance cannot be made of these public gatherings and in order to obtain the best and lasting results everybody should [illegible] not give but all can talk and in this way everybody can turn to help everybody [illegible] Pueblo will quickly become the headquarters for all southern Colorado for pleasure and business

Then after a while a syndicate will come [illegible] or ten thousand people and then we will be a convention town sure enough —(Pueblo Star

### Teller for Governor

(Summit County Journal.)

If another fusion is brought about this year on a state ticket it will mean Henry M Teller for governor We don't [illegible] all union tickets can be agreed upon on any other basis The Silver Republicans want him to run for governor, and the Democrats will accept him [illegible] vacancy in the senate and they figure that their party stands the better show of filling the two vacancies

In conversation with the general Senator Teller at Breckenridge the other day he informed the Journal representative that he would much prefer to remain in the senate and that he would infinitely prefer to resign his seat in the senate for the purpose of resuming the practice of law than to relinquish it to become governor of Colorado

The journal representative then asked Senator, in the event of a unanimous request coming from the fusion committee of the three parties [illegible] race for governor would you decline the nomination?

His reply was Oh! that would be entirely different

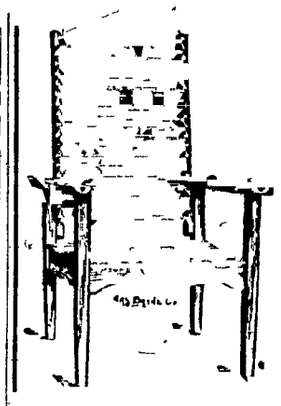
It is even betting that if fusion fuses Mr Teller will be the nominee for governor

### The San Luis Valley

For the first time the editor made a trip to the west side of the San Luis valley This is undoubtedly the wheat field of Colorado We used to think that 200 or 300 acres made a fair sized farm in Iowa but when we found a place where they have a wheat field of 400, 500 700 or 800 acres and two or three men take care of it the time had come for us to open our eyes and begin to learn something

The San Luis valley is as large as the states of Connecticut and Delaware together is an elevated table-land 7 500 feet above the level of the sea and is entirely surrounded by high mountains It appears to have been an inland lake at one time till a break in the mountains at the south end of the valley provided an outlet through which the Rio Grande river now flows The entire valley is a plane and has a slope of about seven feet to the mile from the west to the east The Denver and Rio Grande railway runs on an air line from the north end of the valley to the south end—the longest stretch of air line track in America we understand Nearly all over the valley wherever an iron pipe is driven down from 75 to 300 feet there is a flowing well In Monte Vista there is a flowing well on every lot of pure cold water which runs two or three feet above ground Their method of irrigating is also as wonderful as some other things They run a ditch around about forty acres and in some cases around 160 acres or a whole section fill this ditch with water and it irrigates the whole field A hardpan some distance below the surface retains the water and it fills the ground up to the surface By this system one man can care for about ten times as much ground as he can by surface irrigation Another astonishing thing is the wonderful speed of their horses The writer was driven at a speed [illegible] hour on five or six different occasions and is sure he was not dreaming A ten mile an hour gait is the average speed over there we cannot say how fast they go when they are in a hurry

Distance is as deceiving here as elsewhere in Colorado We drove out one moonlight night and could see Mount Blanca distinctly some fifteen miles away Then on another occasion we started at Mosca and drove seventeen miles west straight away from Blanca but he followed us right down the road at a distance of a couple of miles all the way to Monte Vista —Rocky Mountain Baptist.



These Comfortable.

# Republicans Meet in Convention Today

[illegible] of letters have been received over the county by local men telling of a widespread Republican principles and election In every voting they have become aroused to since the Democratic free silver and salvation has [illegible] no demonstration for that El Paso county is certainly [illegible] again and a Republican conversion at the Temple the morning at 11 o'clock when convention assembles to select to the congressional district conventions The work of convention will require but a few but a full delegation every precinct is an assured

[illegible] in the afternoon Senator Wolcott will address the His coming is purely in [illegible] no public demonstration has but the delegates and will have the opportunity of hearing the only representative from Colorado who has been recognized the world over for his superior intellect and oratory

A few delegations not contained in the list published in yesterday's Gazette, were turned in at headquarters yesterday showing the following elected at Saturday's primaries

Precinct 1—H H Perry N S Chute Chester Morrison Bert Wallace Dr Beck William Long William Frizzell Sid Davis W E Bailey H B Francisco

Precinct 2—C W Barker A Cree J D Turner Charles Meador I F Nichols Sr John Brinkerhoff Joseph Haldwick

Precinct 30—Irving W Howbert W A Ramsay W R Roby Rev J W Finkbiner F J Eaton John W Wilson Mrs C I Tiffany J L Nelson Paul Bernard Thomas Ord J P Barnes C C Hyt John M Jackson M A Mayhew Delos Durfee Lew Ginger Nels Hayden W A Robinson

Precinct 3—Junius O'Connor Roy Palmer E A Colburn

# Ready for the Coming of the Farmers

[illegible] all ready for the farmers [illegible] McClure secretary of the commerce yesterday and [illegible] everywhere everyone that the congress The Cazette [illegible] in bringing out the [illegible] and hotel people with [illegible] rooms to an extent that [illegible] dining room for all of the [illegible] otherwise the city would have [illegible] full of people with a thousand [illegible] compelled to sleep out of [illegible] were amiable enough to [illegible] through the convention

[illegible] Claxton of the committee of the congress and farmers from Iowa arrived yesterday and delegations [illegible] states kept arriving throughout the afternoon and evening The Colorado & Southern will take the parties over the famous Georgetown loop today after which they will proceed to this city in time for the opening of the congress tomorrow morning [illegible] would be glad to welcome the visitors on behalf of the state

The farmers of the Arkansas Valley and Western Slope counties have contributed an abundance of specimens of fruit and agricultural products for distribution among the strangers which will serve in the best advertisement the state could have in that line A carload of fruit from the Rio Grande valley in New Mexico will be here tomorrow and Rocky Ford will send up a thousand or more big fine cantaloupes which will be distributed

# Mr. Ulrich Back From Indiana

[illegible] party arrangements for the reception to Bryan which were made at the Liberty Congress in Indianapolis last week [illegible] Mr Ulrich returned yesterday after an [illegible] trip

[illegible] enjoyable trip he said to a questioner last night Not [illegible] was delightful to meet so many men from all parts of the country [illegible]

[illegible] convention [illegible] Indianapolis he would vote against a third ticket and in favor of a declaration for Bryan Before Bryan's speech of acceptance Mr Wilby had written the secretary of the league that he doubted the wisdom of [illegible] for Bryan [illegible] others as it did not yet him such a declaration would go through with a whirl There were many such illustrations of the sentiment that prevailed

Was there much interest in the debate as to the advisability of declaring for Bryan Mr Ulrich was asked

That debate was of intense interest [illegible] Many parties espousing [illegible] declaration believe that a full and free expression of their views might not be permitted The congress on the contrary was the most outspoken expression of disagreement made every delegate feel convinced that there was nothing cut and dried in its proceedings After a full and exhaustive debate only fifteen votes opposed the resolution

What had been the political proclivities of the twenty five men who constituted the committee on resolutions during 1896

That question brings out an interesting fact Of the twenty five men only seven had voted for Bryan in 1896 The other eighteen had voted either for McKinley or for Palmer It shows the liberality of the Indianapolis committee of the movement

What action will the pseudo National Party take now

It has called a meeting for September in New York At Indianapolis the delegates endeavored to obtain candidates to head a third party but were unsuccessful It may be that if they cannot secure the right men to lead as nominees they may in the spirit of the original intention of the constitution simply nominate electors

It is understood that the Liberty Congress of 1900 [illegible] great mass meeting which was addressed by Mr Towne How did that come about?

Bourke Cockran was to have addressed the meeting He found it impossible to attend but wrote a magnificent letter [illegible] Bryan Mr Towne had been a member of our Anti Imperialistic league for more [illegible] as an independent and therefore we had no hesitancy in inviting him to take Mr Cockran's place I was the chairman of the meeting and as a friend of Mr Towne it was especially gratifying to me to stand with him on a common platform His speech was a noble effort

Were there any features of the meeting particularly interesting that have not been published?

[illegible] Governor Boutwell now in his 82nd year that in his old age he felt compelled to leave the Republican party was stirring and dramatic at times Still more so was his declaration that the colored men of our country ought to help to secure the rights of other men just as other men battled to secure their rights Every man who listened to the speech of that venerable gentleman must have gone away as I did feeling renewed consecration to the cause of liberty and justice

## Buttonhole Interviews

J W Ridge manager of a farm loan company in Dallas Tex is one of the stanchest admirers Colorado Springs has He said yesterday This is the fourth summer I have spent here with profit physically to myself if not financially I have landed my vacation trips have extended to California, Salt Lake City and Minnesota each time ending at Colorado Springs This time I came almost directly here have had six weeks of invigorating the delightful mountain air and have not since my arrival visited any other localities I find the Gazette a most desirable paper and like our leading Texas paper the Dallas News it stands for sound government and sound money

Mrs George Crandall seems to be very anxious for the capture of her husband who decamped last week with money and jewelry belonging to her She said yesterday at the police station that the officer who located him and had him arrested would receive a reward of $1 and to impress the officers that she meant what she said she repeated her chart several times She made a three hours call at the police station yesterday afternoon talking over the case several times she said Well if he should be caught I could not get out of prosecuting him now could I These remarks rather led the officers to believe that she would repent if her husband should be returned and refuse to prosecute and possibly go so far as to provide the money to help him out of his trouble This she denied having any intention of doing and vowed she would have him sent to the penitentiary

## BOLD ATTEMPTS TO BURGLARIZE THE ALAMO

Two attempts at burglarizing the Alamo hotel were made early Sunday morning The first one occurred about 2 30 and Officer Knapp the night clerk and porter failed to catch the intruder The second visit the fellow made to the hotel was about 4 o'clock and this time he ran into the fire of a revolver in the hands of the night clerk He was heard working on the lock to the door of the store house in the rear of the hotel and the porter got a revolver The burglar was ordered to throw up his hands but he jumped off the platform on which he was standing and ran down the alley The porter fired but it is not known that he hit the fugitive The porter then returned to the hotel to notify the police and in the meantime the burglar made good his escape

The first atempt was in the sample room in the basement entrance being made supposedly by skeleton keys The prowlings of the intruder were heard by officer Knapp who happened to be in the hotel and he accompanied by the night clerk and porter got their revolvers and made for the room from which the noise came The fellow evidently heard their approach for he was soon heard getting up the outside stairs to the sidewalk and before the officer could get to the street the fleeing man had disappeared in the darkness

There were several thousand dollars worth of jewelry stored in the sample room the property of a traveling man but all of the trunks containing it were locked A large iron safe which was empty received attention from the burglar as the doors were found open

## CHARGED WITH STEALING AT WOMAN'S EXCHANGE

Albert Spellman colored was arrested yesterday afternoon by Police Detective Atkinson as he arrived in the city from Cripple Creek on the stage He is wanted there for larceny being charged with taking $90 from the Woman's Exchange restaurant run by Mrs Gibbs He was searched carefully at the police station but not a cent of money was found on him nor in his trunk which was full of clothes

Word was received at police headquarters last night that Deputy Sheriff Hoskins would be here today to take the fellow back for trial

Spellman states that he was arrested there on the same charge and released and is at a loss to know why he is being detained a second time He is a waiter and was employed in the restaurant from which he is charged with taking the money

## FLAMING NIAGARA AT THE CASINO

The big attraction at the casino this week is the fireworks exhibition Wednesday night It is to be given as an entertainment for the visiting members of the farmers congress or rather for the wives daughters and others who come with them While the delegates are in session these ladies will be here with them all be enjoying the spectacle at the casino This exhibition is put on by Mr C W Paradice of Denver who managed the Dewey exhibition two weeks ago He is an expert This time the exhibition is called Niagara Falls on Fire and a representation of the great falls will be made only in place of fire will shoot in instead of a mass of water The falls is 60 feet long and 30 high The street car company will put on extra cars and will be prepared to handle the crowds They were ready to handle twice as many two weeks ago as went out The company has strung a new feed wire on the Broadmoor line and now gets power from the El Paso company so that the cars are carried easily over the big hill Prof will be dancing during the evening of the fireworks Everything indicates a big crowd at the casino Wednesday night

## MISS METCALF PLEASED CASINO AUDIENCES

The concerts at the Casino yesterday were more largely attended than on any previous Sunday this summer. The soloist was Miss Anna Virginia Metcalf of Los Angeles and she [illegible] Miss Metcalf has a beautiful soprano of great range and specially sweet in the lower register [illegible] showing long experience and her stage presence was most attractive The afternoon audience was especially pleased as she sang some familiar ballads in a manner surpassing what many had heard The Pace Pace Mio Dio of Verdi was given with power and beautiful expression Miss Metcalf gave the Cradle Song as an encore and so sweetly that tears came to the eyes of many She gave the same number as encore in the evening also Denza's May Morning was also most charming A large audience was present in the evening and [illegible] to enjoy the O Divine Redeemer of Gounod best of all It showed why Miss Metcalf has made such a fine reputation in oratorio work Miss Metcalf sang Marguerite So Fair and Annie Laurie as encores During the evening Herr Richter gave a violin solo that was most pleasing Herr Richter is an artist and recognized as such by all musicians So pleased was the management with the reception and [illegible] Miss Metcalf that they have engaged her to appear at the concerts again next Sunday

THE MAY INVESTMENT AND BROKERAGE CO., COLORADO SPRINGS

# CRIPPLE CREEK AND LEADVILLE

## Mr. Richard Pearce, British Vice-Consul at Denver, Reports to England's Parliament Favorably on Both Camps.

The British Vice-Consul at Denver (Mr Pearce) in his report (presented to both Houses and Parliament this month) states

Most likely another important source attached at this time to what is known as the Cripple Creek district which is situated in Teller county

The district is located west of Pikes Peak at an altitude of 9,000 to 10 000 feet above sea level Its discovery as a gold producer only dates back to 1891, and since that time statistics show a large increase every year in the output of its mines

For many years, since the early settlement of Colorado the district was known only as a range for cattle and no suspicion existed in the mind of the prospector that gold in such large quantities would be found in that country

The mines cover a very large area and a number of little towns have sprung up known as Cripple Creek Victor Goldfield Altman Anaconda Elkton Gillett Independence and Lawrence, all of which are connected at this time by a very complete railroad system

**First and Perhaps the Richest**

The first mine discovered in the district and perhaps the richest was Stratton's Independence which has been recently purchased by an English company

The geological conditions are some what peculiar the ore is found in connection with overflows of an eruptive rock the latter rock being exceedingly rare in this country The gold is found associated with tellurium and is known as telluride of gold with some little silver The zones of gold bearing rock are in many places remarkable for their size and richness It is not uncommon to see large masses of rock which have become charged with gold in sufficient quantity as frequently to make it rich ore Stratton's Independence Portland Gold Coin and others are examples of such deposits In some cases the deposits have been explored to a depth of 500 to 800 feet without any apparent indication of a marked decrease in values

The higher grade ores are selected and sent to the different smelters at Pueblo and Denver The lower grades are generally treated by chlorination in extensive mills situated at Florence a small town on the Denver and Rio Grande railroad and Colorado Springs at the eastern base of Pikes Peak The chlorination method is also worked successfully on those ores in certain sections of the district

The following are the chief producing mines in the district Portland Strong Jack Pot Anna Bertha Elkton Golden Circle Lillie Mary McKinney Gold King Ophir Consolidated Mines Independence Portland Mines Doctor Jim Grafton Raven Doctor Jim Grafton Garfield Consolidated Matoa Anaconda El Paso Gold Mole Deadwood Anchoria Leland Wilson Creek Consolidated Victor Gold Searchlight Damon Jerry Johnson Free Coinage and Cardinal

**Most Important Mining District of the West**

The following is the table of the output from this county for the year 1899

| | |
|---|---|
| Gold | $16 058 564 34 |
| Silver | 49 033 4 |
| Copper | 48 43 |
| Total | $16 107 646 51 |

It will be seen from the above statement that the mines of Cripple Creek have very materially added to the state's production of gold and at this time it may be said to be the most important of the mining districts in the west

**Leadville**

The mining industry of Lake county is limited almost entirely to the district known as Leadville, which for the last 24 years has furnished enormous quantities of silver, gold and lead with some copper

Prior to the year 1876 and before the discovery of lead and silver in the district it was known as California Gulch which was worked by a crude system of placer mining and some $10 000 000 is said to have been produced in the form of placer gold

The discovery of lead and silver in this district marked an era in the mining industry of the state and may be said to have given more of an impetus to mining generally than any other district in the state except perhaps the recent valuable discoveries in Cripple Creek

The mines are situated at an altitude of some 10 000 feet above sea level A little town has been built up the population of which is now three thousand and three distinct lines of railway afford transportation facilities

Within the past three years important gold deposits have been found which have some very far to neutralize the effect of the continued low price of silver on the value of the output

The ores are of three classes—silver ore containing variable quantities of lead and small values in gold gold ores containing principally iron and silica as a matrix and sulphide ores the latter mainly consisting of a combination of iron and sulphur with small quantities of silver and gold together with lead and copper The latter ores command a premium in the smelting market on account of the excess of iron which they contain when is utilized as a flux

Mining is conducted on an extensive scale and modern appliances are being generally introduced to cheapen the cost of production As an indication of the importance of the district from a mining point of view, it is stated on good authority that the output for the month of April of this year amounted to 190 000 tons of ore the value of which was $1 600 000 A large proportion of the ore is treated on the spot by the local smelters and the remainder is sent to the different smelting works at Pueblo and Denver

The following is a list of the principal producing mines Emperor Sovereign Rawlings Resurrection Big Four Silver Dollar Little Jonny Dolly B Fanny Hardy Lillian Golden Eagle Group and Home

The value of the output for 1899 was as follows

| | |
|---|---|
| Gold | $2 296 197 [illegible] |
| Silver | 4 307 [illegible] |
| Lead | 2 172 [illegible] |
| Copper | 1 14[illegible] |
| Total | [illegible] |

# MARKET LETTERS

## GARDNER & CO.'S MARKET LETTER

Colorado Springs Colo Aug 18

[illegible] speculation marks its hits in individual lines to anticipate the future Railroad stocks without doubt and mining stocks have had years of varying fortunes [illegible] all know about the fortunes of railroad companies know [illegible] operating their road and can estimate [illegible]

An extra [illegible] crop means [illegible] for local business while mining shares [illegible] that to an [illegible] mines [illegible] to be [illegible] [illegible] stocks are manipulated almost at will [illegible] trust stocks represent a trust own risk while common stocks represent the active venture Cotton and grain represent the products of the soil [illegible] men can guess at planting time [illegible] the final harvesting without fear or favor The [illegible] make fortunes in [illegible] but the biggest fortunes are made by selling [illegible] after hand [illegible] and staying short [illegible] [illegible] commodities the [illegible] may buy or sell thousands of shares of railroad stocks and never see a share while his operations in wheat or cotton represent wind pure and simple so far as he [illegible] any actual [illegible]

Mining stocks stand on a different basis You buy mining shares and you at least receive your certificate in your name You own something tangible The price may and may not decline but you still own and can sell your certificate at any time As an example in point a gentleman [illegible] in our office told us he owned three thousand Matoa [illegible] and paid 10c [illegible] for them [illegible] cents a share He has bought and sold Colorado Springs [illegible] years ago There [illegible] margin [illegible] railroad stocks and no option to explore where [illegible] [illegible] mines [illegible] [illegible] [illegible]

# Safe Money Making and Interest Paying Investments

Cripple Creek stocks offer to careful investors unexcelled opportunities for handsome profits, and also offer large interest on the money involved. Investment under proper guidance, in the meritorious prospect stocks promises substantial profits within a very reasonable time. The dividend payers assure splendid returns on the money involved. Both guarantee safety against the loss of the original investment.

## SOME DESIRABLE DIVIDEND PAYERS

There are several dividend-paying Cripple Creek stocks which offer especially attractive investments. They are entirely safe, and assure the investor excellent interest. There are three of these dividend payers that will also yield handsome profits, in our opinion, if bought now. Write us for particulars.

## A GOLD HILL BARGAIN

There is a Gold Hill stock now selling around 6½ cents per share which we believe is destined to become one of the best profit-making prospect stocks on the market. This stock is backed by about 50 acres of choice ground located on nearly all of the famous hills of the camp, by sound, conservative and careful management, and by active development work the three essentials to the ultimate great success of a Cripple Creek mining proposition. We strongly urge the purchase of this stock at once in as large amounts as possible, as we are convinced of its intrinsic value and ultimate sharp advance in price. Write us for particulars.

## Conservative Investors

recognize the value of our advice and judgment, knowing that we represent the conservative element in Cripple Creek investments. We are glad to give our unbiased opinion, irrespective of whether trading is done through us or not. We are interested in everyone who is interested in Cripple Creek mines or stocks.

# The ZOE Gold Mining Comp'y

I am receiving so many letters of inquiry about the Zoe mine and Zoe stock that I cannot find time to answer them promptly and I take this method to give the latest information.

We are installing a steam hoisting plant, a substantial shaft house, and new ore bins, and are timbering our new shaft. We will have steam up not later than August 15th, and will have our shaft timbered by the 20th.

We have a large body of high grade ore in sight, and ore broken, ready for hoisting, and as soon as our surface improvements are completed we will begin regular shipments.

Zoe stock can only be purchased on the open market. It is sure to advance when we begin shipments. I consider it one of the best, if not the best stock, on the market for sure profits, and recommend its purchase.

M. KINNEY, Mines and Mining Stocks.

## PRESSLY THOMPSON AT CHURCH OF STRANGERS

The evening sermon yesterday at the United Presbyterian church was in continuation of the popular series on "Sacred Mountains. The pastor, Rev. Pressly Thompson, took for his text Deuteronomy 34:1-4. The subject of the discourse was "Mt. Pisgah, or Visions that Inspire." Mr. Thompson spoke in part as follows:

Those of you who have been to the top of any of our Colorado mountains can especially appreciate what Moses saw of the Promised Land from Mount Pisgah. It was a splendid vision of Palestine that stretched away before him. The whole Jordan valley lay at his feet. Canaan passed in panorama before his eyes. His parting hour in this world gave him an inspiration for the next. It was the land of promise he saw on earth and it made the old prophet and statesman long for the eternal home to which God was just ready to call him.

The vision from Mt. Pisgah is but a figure of those visions men sometimes receive to change their entire lives. Moses had seen, before this, the Everlasting God in that strange desert phenomenon of the bush that burned but was not consumed. Seeing God, he went forth to his giant task of leading Israel from Egypt to the land of Canaan. Elijah fled from duty to the wilderness about Horeb, and there he met God in the "still small voice." Back to duty he went, and Jezebel and Jahab, the old prophet went and never again was he afraid of Jezebel or anyone else. [illegible] God bade him to do. Isaiah saw a vision of the Divine Sovereign in the temple and it came to him as a call to the prophetic office. Inspired by what he saw and heard he said, "Here am I; send me."

No man can be the [illegible] man in this world who has not first of all had a vision of God. We must realize His presence and power in and over what He has created before we are ready for life's great duties. A gold materialism can never inspire humanity to its best progress. It needs the presence and help of God. It takes the vision of the divine to send a Paul into all the world's great cities to preach the gospel of the humble Nazarene. Livingstone saw God before he gave himself a sacrifice in the jungles of Africa to open the Dark Continent to Jesus, the light of the ages. Drummond, so intensely interested in the sciences, saw God before he denied himself the places of honor among men that he might devote his talents to saying the educated young men of Scotland and the world.

We need again a vision of Christ. A vision such as John had in Patmos. "Truly this was the Son of God." Those common and unlearned men that Jesus gathered about Him when on earth became a strange place in the progress of the church. They became leaders and are leaders today. No transformation was ever greater than that which gave fishermen and publicans to be nobles in the kingdom of heaven. What gave the inspiration for leadership in the new church was the fact that they had seen Jesus. To see Jesus means a new heart, a clean life, and splendid service for God.

We need also a vision of eternity. Not always does God draw aside the curtain and show us heaven. It is only the few who may see as John saw on the Isle of Patmos. It is the few who get upon the delectable mountains and see the heavenly city, the new Jerusalem, coming down from God. But we can all see as Paul saw, that "the things which are seen are temporal, but the things which are not seen are eternal." The vision of eternity and Christ-like life will set their affections "on things above and not on things on earth."

## SUNDAY MUSIC AT THE BAPTIST CHURCH

A large congregation at both the morning and evening service at the Baptist church yesterday listened to two fine sermons by the pastor and well selected music by Mr. Halle, the leader of the choir. Mr. Frank English, a recent arrival in the Springs, presided at the organ and in a masterly manner brought out the possibilities of that "king of instruments." His [illegible] Verne, called forth favorable comment from the musicians present. Miss Ada Branson, who for some time was recognized as the leading church singer of St. Louis, sang in fine style a solo by Verne, entitled "Praise Ye." Mr. Halle was heard in a short solo in the anthem, "No Shadows Yonder," from the oratorio "Holy City," by Gaul. Mr. Frank Hart being out of the city, his place was ably filled by Mr. V. L. Clemence, a new arrival in the Springs, at the evening service. Mr. Clemence sang "The New Heaven," by Rodney, in a rich, pleasing quality of voice. Mercadante's "Incline Thine Ear," and Gounod's "Send Out Thy Light," were faultlessly sung by the double quartette that now constitutes the choir.

Miss M. N. Slatore followed the evening sermon with a very fitting solo by Danks "Just as I Am."

## REV. CALVIN APPEALS FOR HEAVENLY KINGDOM

Rev. Frank N. Calvin at the First Christian church last night took his text from Corinthians 1:20-22. "Let him that thinketh he standeth take heed lest he fall." The sermon was an appeal to accept the Kingdom of Heaven and at its close the doors of the church were thrown open.

At the opening of the sermon Rev. Calvin took issue with Unitarianism as to the divinity of the Bible, and declared that it was not the work of man but of the divine hand. He gave a striking illustration of this point by showing that the tendency of man in conversation and in writing was to cover up misdeeds and shortcomings of his fellow beings. He called special attention to the work in general of biographers in which they as a rule smooth over, cover up or omit altogether any reference to the sins of the subjects of their writings, and also to the epitaphs which are to be seen on almost all the tombstones in cemeteries. He did not deprecate this but merely called attention to it as a fact.

He then spoke of the opposite methods always in evidence in the Bible. In it the truth is told, whether it reflects credit on a person or not. Sin is pictured as elaborately as virtue. The punishment that was brought to bear on the wicked is told in all its details, in an evident attempt to impress one with the wages of sin. Then the stories of those who have sinned and come back to the Lord penitent and bowed down with humiliation are also told, and the blessed forgiveness that is granted them. The minister said that that was the reason the Bible was his book, because it told of the sin and of virtue, and their rewards and he knew it was meant for him and all humanity, a panacea and a haven for all.

The minister said that people who had reached the middle age or the zenith of life were in the habit of looking back down the hill of life and extending advice to their juniors, giving them the benefit of their ripe experience in affairs, yet [illegible] all of the men who were spoken of in the Bible were at least past middle age, when they committed their great sin, with the possible exception of John, who is always spoken of as a young man. He said that Adam and Eve were probably over 100 years of age before they committed their sin in the Garden of Eden and that Noah and Abraham were men of great age. He said that many men in times of great delinquition had committed sins who previously lived lives of Christian virtue, and that their first sin was only the beginning of a long series which gradually severed the ties that bound them to the Master. He admonished men to turn to the Lord in time of sin, distress and temptation as Peter, Abraham, David and Manasseh did, and not turn away from Him as Judas did.

He warned his hearers against a narrow Christianity, against following the teachings of one of the disciples of the great Biblical characters, in their entirety, and urged them to bear in mind the saying of Paul for the people to only follow him as he followed the Lord. He said that the people of this age are not responsible for the sins of Adam, Abraham and Noah but that each person is responsible only for the sins of his own commission and would not have to suffer for those of his ancestors. He told them to take up the cross of the Savior and live righteous, honorable and sober lives.

## DR. TINNON SPOKE OF CHARLES WESLEY

At the First Cumberland Presbyterian church yesterday morning the portrayal of the life of Charles Wesley by Dr. Tinnon appealed very strongly to his hearers, while the solo, "Jesus, Lover of My Soul," during the sermon, sung by Mr. Seagle, was very touching. Dr. Tinnon is a very strong speaker and handles his subjects very ably.

At the evening song service Mr. Seagle sang "Jesus the Very Thought of Thee" and "O Divine Redeemer," both of which were rendered in that inimitable manner that characterizes all of Mr. Seagle's singing. Dr. Tinnon preached a very able sermon, the words of his text being [illegible] a very noticeable effect upon his audience.

This morning, from 7 to 8 o'clock the usual prayer meeting will be held, and tonight at 7:30 o'clock Mr. Seagle will conduct a half hour song service, after which Dr. Tinnon will speak. Everybody invited to these meetings.

### CONVENTION CALL

The Republican county central committee has issued its call for the county convention which is to be held in the Temple theater on the 20th, the call being as follows:

Headquarters El Paso County Republican Central Committee.

Colorado Springs, Colo., Aug. 3, 1900.

In pursuance to the action of the El Paso County Republican Central committee, held at their headquarters August 1st, in Colorado Springs, Colorado, we hereby issue the following call for a county Republican convention, to be held at the Temple theater in Colorado Springs at 11 o'clock a. m., August 20th, 1900, for the purpose of selecting sixty-two delegates to attend the Republican state convention, to be held in Denver September 7th, 1900.

To select sixty-two delegates to attend the Second Congressional District convention, to be held in Cripple Creek, Colo., September 5th, 1900, and to select delegates to attend the senatorial, legislative and judicial conventions of this district. The number of delegates to attend each to be determined from the calls for said conventions, when issued, and for the transaction of such other business as may properly come before the said convention. For said purposes the several precincts of the county will be entitled to delegate representations in said convention as follows:

| Precinct. | No. delegates. | Precinct. | No. delegates. |
|---|---|---|---|
| 1—Eastonville | 2 | 8—Fountain | 2 |
| 2—Table Rock | 5 | 9—Woodbury, S. H. | 5 |
| 3—Monument | 2 | 10— | 5 |
| 4—Husted | 2 | 11—Strickler, Tunnel | 2 |
| 5—Colorado City | 2 | 12—Manitou | 2 |
| 6—Colorado City | 14 | 13—Manitou | 10 |
| 7—Colorado City | 7 | 14 | 7 |
| | | 15 | 2 |
| | | 16 | 2 |
| | | 17 | 2 |
| | | 18 | 2 |

| | | 21—Printers Home | 3 |
| | | 22 | 3 |
| | | 23 | 4 |
| | | 24 | 4 |
| | | 25 | 3 |
| | | 26 | 3 |
| | | 27 | 6 |
| | | 28—Colorado Springs | 10 |
| | | 29—Colorado Springs | 21 |
| | | 30—Colorado Springs | 23 |
| | | 31—Colorado Springs | 19 |
| | | 32—Colorado Springs | 18 |
| | | 33—Colorado Springs | 11 |
| | | 34—Colorado Springs | 12 |
| | | 35—Colorado Springs | 12 |
| | | 36—Colorado Springs | 6 |
| | | 37—Colorado Springs | 8 |
| | | 38—Colorado Springs | 13 |
| | | 39—Colorado Springs | 13 |
| | | 40—Colorado Springs | 18 |
| | | 41—Colorado Springs | 17 |
| | | 42 | 13 |

It is recommended that the primaries be held on Saturday, August 18, 1900.

Precinct committeemen will please take notice of the foregoing call, and take such steps as are necessary in the premises.

A full representation is urgently requested.

R. E. Chambers,
Secretary.

### CALL FOR DISTRICT CONVENTION.

Headquarters of the Republican Judicial Committee.

Colorado Springs, Colo., Aug. 14, 1900.

Pursuant to the instructions of the Republican committee of the Fourth Judicial district of the state of Colorado, a convention of the Republican party of said judicial district is hereby called to meet in the city of Denver on Saturday, the 8th day of September, 1900, immediately after the adjournment of the Republican state convention, for the purpose of nominating two candidates for the office of district judge and one candidate for the office of district attorney, said offices to be filled by the people of said district at the general election to be held on Tuesday, the sixth day of November, 1900; also for the purpose of electing a judicial committee, and for the transaction of such other business as may properly come before said convention.

The several counties in said district are entitled to the following representation:

| County. | | County. | |
|---|---|---|---|
| Cheyenne | 4 | Kit Carson | 4 |
| Douglas | 4 | Lincoln | 4 |
| Elbert | 4 | Teller | 4 |
| El Paso | 27 | | |

Chas. E. Leibold, Secretary. A. L. Humphrey, Chairman.

### LEGAL NOTICES

**To the Stockholders of the Union Gold Mining Comp'ny:**

Colorado Springs, Colo., Aug. 8, 1900.

You are hereby notified that a stockholders' special meeting, called by the board of directors of date July 21st, 1900, will be held at the company's office, Room No. 4, Postoffice building, Colorado Springs, Colorado, on Wednesday, the 22nd day of August, A. D., 1900, at 3 o'clock p. m., for the purpose of considering, determining and ratifying the sale of all the company's mining property, located in the Cripple Creek mining district, Teller county, Colorado, except the Delmonico lode mining claim Survey No. 3045, at the price and sum now offered therefor to said board of directors, to-wit: $350,000.

Attest—H. C. Morse, Assistant Secretary. J. A. Hill, President.

**Notice to Stockholders of Wilson Creek Consolidated Mining and Milling Company.**

All of the mining claims owned or claimed by the Wilson Creek Consolidated Mining and Milling company have been sold and conveyed to the Independence Consolidated Gold Mining company and deeds therefor delivered and placed of record.

The treasurer of the Wilson Creek Consolidated Mining and Milling company has received for the benefit of the stockholders of said company one share of the stock of the Independence Consolidated Gold Mining company for every five shares of the stock of the Wilson Creek Consolidated Mining and Milling company.

The board of directors has declared a stock dividend upon this basis to each and every of the stockholders of the Wilson Creek company as they appear of record on the 20th day of August, A. D. 1900.

The stock books of the company, for the purpose of said dividend, will be closed on said 20th day of August, A. D. 1900. All stockholders are requested to see that their stock is duly transferred of record upon the books of said Wilson Creek company at its office, Rs. Equitable building, Denver, Colo., on or before said 20th day of August next.

W. P. Dunham, President.
R. H. Reid, Secretary.
Dated, Denver, Aug. 12, 1900.

**Notice of Stockholders Special Meeting.**

To the Stockholders of The Six Points Gold Mining company:

Take notice that an adjourned meeting of the stockholders of The Six Points Gold Mining company will be held at the principal office of the company, 14 North Nevada avenue, Colorado Springs, El Paso county, Colorado, on Tuesday, the 4th day of September, A. D., 1900, at 10 o'clock a. m., said meeting having been adjourned from the 18th day of August, A. D., 1900, for the purpose of considering and acting upon a sale of the Six Points lode mining claim, Sur. No. 406, situate in Cripple Creek mining district, Teller county, Colorado, lately made by the directors and officers of the company to one Francis Stewley, trustee, and to confirm and ratify or disapprove said sale, and for the transaction of such other business as may properly come before the meeting.

Stock transfer books of the company will be closed on Thursday, the 30th day of August, A. D., 1900, at noon, and be reopened after adjournment of the meeting.

By order of the board of directors.

Chas. H. Dudley, Secretary.

# Where Did that Headache Go?

If there was no cure for that headache there would be some reason for tolerating it But there is a cure It is safe swift sure It goes right to the throbbing tearing pain and soothes it and quiets it until in a few minutes you can straighten up and say Where did that headache go? Never mind It is gone It will not trouble you again soon

And then the medicine is so easy to take no bad smell no big capsule to swallow It is just a little tasteless slips down your throat as easy as an oyster

If you don't only have headache ought to keep a box in the house all the time The name Instant Headache Relief
